The Krater In the early 16th century BCE, the first Olympic Games were held in Greece to celebrate the military victory over the Persian Empire. The First Millennium BCE marked the beginning of the great civilizations of the Tigris and Euphrates region. A kingdom called Ur (also spelled Uru, Uruk, or Erech, The history of the first Olympic Games was written down in the Greek language and is known as the epics of the ancient Greeks. He was the first to introduce the Olympic system into the Hellenic world. He was born in the ancient Greek city of Argos during the 9th century BCE, and was the best wrestler of his time. He was a contemporary of Sisyphus, Heracles, and Theseus, though he is never mentioned by name in the surviving accounts of their lives. He competed in the Olympic Games in several events, winning the discus and throwing the javelin. He was the first in modern times to compete in the Olympic Games. Dionysus was a legendary king of the Bebryces, the sons of Zeus and Epione. According to some sources, he was a daughter of Phylas. He was also said to be a son of Poseidon. The story of Dionysus was written down in the 2nd century CE by the Greek historian Euhemerus. The events surrounding the death of Dionysus were very different from the later retelling of the myth.
